7678@s.whatsapp.net Belinda

Joseph, I talked with Furlong in regards to VPA. We both believe peter brought another methodology into the calculation. Furlong will reply email today to Peter and we are still expecting council valuation report for the so called market price 2500 per gfa

Platform: Mobile

22/03/2018 3:39:51 PM(UTC+11)

7678@s.whatsapp.net Belinda

So might need Angelo help to chase the report. And if possible need to encourage an independent report

Platform: Mobile

22/03/2018 3:40:27 PM(UTC+11)

8039@s.whatsapp.net Joseph

Ok

7678@s.whatsapp.net Belinda

Joseph, council approved 117.1 meters height. But we want to have a roof top deck which make the lift overran around 1.5 meters heigher than 117.1

Platform: Mobile

6/06/2018 11:20:15 PM(UTC+10)

7678@s.whatsapp.net Belinda

Do you think we can ask for the extra height just for lift overran

Platform: Mobile

6/06/2018 11:20:32 PM(UTC+10)

8039@s.whatsapp.net Joseph

U have 2 talk 2 David if he thinks it's a good idea then we can talk about it

Participant	Delivered	Read	Played
7678@s.whatsapp.net Belinda	6/06/2018 11:21:49 PM(UTC+10)	6/06/2018 11:21:54 PM(UTC+10)

[REDACTED] 7678@s.whatsapp.net Belinda

Joe, major 3 concern:

- 1. CPI increase apply to \$2500/sq land value. What if market drop?
- 2. Montary contribution. Can we do portion as work instead all of montary contribution?
- 3. We don't have right of appeal.

[REDACTED]7678@s.whatsapp.net Belinda

And for rhodes, we received Kent's email about VPA I will discuss with David to get it sorted back to Kent on Monday

Platform: Mobile

16/11/2018 6:38:56 PM(UTC+11)

8039@s.whatsapp.net Joseph

Telstra: yep once Telstra approve lowering in writing you can apply for section 4.55 to try and get IOC with bond. Will need to go through development assessment team as per usual.

Council are very confident Telstra will approve lowering.

Stormwater For porter street: plans still under consideration, and will require RMS approval too.

Belinda sent through info yesterday lunch time asking a few more affordable housing questions.

Kent is ringing her if he hasn't already

Lindsay is going on holidays today but there is another lawyer dealing with it so it won't be an issue and she will have a reply tomorrow

Congratulations, you look like you have turned the council around to support your planning proposal for uplift and height.

http://www.canadabay.nsw.gov.au/verve/_resources/2018May15_CIMtg_Agenda.pdf

If I can provide some advice in relation to the council assessment of your planning proposal, one developer to another developer, there is a major problem with the council condition that restricts typical floor plate size to 900m² from 1250m². (Tony McNamara is imposing a new condition to change the existing Rhodes West DCP floor plate size from 1250m² to 900m²). This will create an issue for IPG as you will not be able to use the approved FSR/GFA uplift.. A floorplate of 900m² will only yield **6 apartments per level**. I am sure your town planner and design team are across the matter.

Sorry as we do not want interfere in your planning matters, we sent this email to help you assess the current recommendation, about to be assessed by counsellors this coming Tuesday night.

Regards

5. Clause 16.2clause 15.1 should be clause 16.1. **Agree**

6. Clause 18, Due to construction finance requirement, we need provide our construction funder with first priority then council in the second. Could you please agree? We need to get profit realized before we could share with council. If cannt get construction finance, we would not be able to achieve the final profit. **Council needs 1st priority over any Charge Land. If that is not possible you will need to provide another form of security which guarantees Councils interest.**

It's disappointing that items like this are still being raised considering the amount of time that the negotiation for the VPA document has already taken. I remind you of the meeting at Council's offices in Drummoyne on 21/9/18 where I understood that it was agreed that no further new items would be raised in relation to the VPA document.

Continuing to raise new items is not assisting with finalizing this matter which I understand you are keen to do.

7. Clause 28, what is the council cost figure?

Hi Belinda,

In relation to the request by iProsperity to provide affordable housing as part of the developer contributions for the VPA, in my opinion the following are the steps to that are required to be taken to reach agreement between the parties:

- iProsperity to provide detail of units proposed to be dedicated as affordable housing. Following is an extract of Peter Gainsford's e-mail to you in relation to affordable housing and Councils requirements.

18/9/18 - In order to further consider the dedication of affordable housing I would require certain information from you in relation to the number of units proposed for dedication, the size of each unit, number of beds, the number of car parking spaces associated with each unit, the proposed level or floor that each unit would be located on, orientation of each unit, etc. (There are a number of factors that would be reviewed to ensure that the units are acceptable for inclusion within the existing portfolio. For example units located on the south side of the building or over driveway entries or loading docks

- For each unit proposed to be dedicated to Council information should include the number of beds, level of the building where each unit would be located, number of bathrooms, parking included, orientation and an indicative floor plan. It should also include the level of finish proposed for each unit.
- Following receipt of the above information Council will review.
- If the units proposed for dedication through the VPA are considered acceptable a joint instruction to Richard Montague (of BEM Property) is to be prepared and sent to him seeking a fee estimate for the work and timeframe to respond.
- The instruction should request that the valuer provide ‘ a market valuation of the affordable housing units proposed to be dedicated to Council by iProsperity, using recent and relevant sales evidence in Rhodes’.
- It should also seek to provide a dollar value per square metre (\$/m²) for each unit type, ie 1 bed, 2 bed.

Let me know if you agree with the above.

From recollection of our meeting of 21 September, 2018 you had agreed to pay for the costs associated with the

Hi Kent,

Thanks for your email and your time just now on the phone

As we discussed your methodology is in our opinion a "little cart before the horse". The number and nature of the units to be provided to Council can only be determined once the value of the offset against the proposed contribution is determined. That is, once the floor space equivalent of the offset value is determined by the valuation then we can determine a quantum of GFA.

In terms of bedroom numbers we agree with Council that the units will be 1 & 2 bedroom and we are happy to accommodate Council's suggestions as to location within the building. The units

In my email of 21 September, 2018 I set out a fairly straightforward methodology for achieving the desired outcome as reproduced below:

1 - Quantum of Affordable Housing.

In arriving at the total GFA / number of units

..... Show Quoted Content

metre / unit rate. The number that results is the amount of affordable floor space. We could then divide that number by the SEPP 65

In terms of finishes etc the units would be the same as the rest of the units within the building and obviously need to be compliant with SEPP 65. Unfortunately, as we are only at the PP stage detailed decisions on internal materials etc have not yet been considered or made. Car parking numbers are yet to be

then divide that number by the SEPP 65

In terms of finishes etc the units would be the same as the rest of the units within the building and obviously need to be compliant with SEPP 65. Unfortunately, as we are only at the PP stage detailed decisions on internal materials etc have not yet been considered or made. Car parking numbers are yet to be determined as per Council's resolution regarding the PP and are subject to further discussion through the gateway and DCP process. I note Council's position on zero parking for a number of units.

Regards

David Furlong - Director

To: Belinda & 3 more...

Hi Belinda,

Thanks for your response re cl.18 through David's e-mail last Friday night.

The matter is currently with Councils solicitors. Once I have a response I will be in touch.

Can you confirm that aside from cl.18 and the information required to be drafted re affordable housing that all other items are agreed.

Please advise.

In relation to affordable housing component, I'm working with the valuer to get a methodology together that suits both parties. I'll be in contact shortly when that is resolved.

Regards
kent

Automatic reply: I Prosperity VPA - Affordable Housing

Today at 9:25 AM

Hi,

I'm currently out of the office until Tuesday 23rd October, 2018.

I will have limited access to my e-mails during this time.

For all any urgent matters relating to Council's Buildings & Property please contact Councils call centre on [9911-655](tel:9911655), otherwise I will respond to your e-mail on my return.

Regards

Kent Walton

Kent Walton | Manager, Buildings & Property

City of Canada Bay

1a Marlborough St Drummoyne NSW 2047 | www.canadabay.nsw.gov.au

T: [02 9911 6428](tel:0299116428) | Kent.Walton@canadabay.nsw.gov.au

- A description of the proposed development and proposed finishes (i.e. to give details)
- Define the possible unit locations i.e. low rise north or south, mid rise north or south, high rise north or south
- Present our sales research of for units within Rhodes, analysed excluding car parking
- Provide our estimate of value rates for 1 and 2 br units in each location and for car spaces

I think this will take circa 15 hours of work @ \$350/hr = \$5250 plus GST but would propose a fixed fee of \$4,750 plus GST

We could complete this within 2 weeks of appointment

Regards
Richard

over the land to be developed. That however leaves a situation where Council, if it were to accept second priority or ranking for security over the land, needs to understand the extent of such loan to that lending institution and whether there is sufficient value remaining in the land to cover Councils interests concerning the VPA, ie estimated at \$25.8mil.

Alternatives to this are that iProsperity provide other land that it owns to the required value as security to meet its obligations to Council under the VPA.

If there is no other land that can be provided as security then remaining options are bank guarantee or Council would also consider provision of an insurance bond.

The last option is that the VPA is revised so that the monetary contribution is payable to Council at issuing of first construction certificate (rather than subdivision certificate) for the development.

Please consider the above and advise your preference for providing security over the VPA agreement so that the document can be finalised.

Your earliest attention to this matter would be appreciated.

Hi Belinda,

Thanks for the letter and your comments.

I'm sure you'll agree that it's good to have these negotiations finalised so that the planning proposal can now be submitted to Gateway.

Thank you for your assistance in finalising the negotiations.

Regards
kent

The above email correspondence should be read in conjunction with our standard disclaimer/terms which can be found at <http://www.canadabay.nsw.gov.au/email-disclaimer.html>

Hi Belinda

Thanks for the call earlier today regarding the VPA and its terms. We understand that the Council is yet to sign the VPA, but that you have provided the iPG counterpart to Council.

Just confirming that Metrics would require a formal letter from Council signed by a person with authority to bind the Council that the VPA is not effective (despite clause 2), and that the terms of the VPA are not applicable (including that the charge has not been granted under clause 19, and that clauses 20, 21, 24 and 25 are not applicable). The VPA cannot take effect until construction financing occurs (and at that stage, the priority issues given the Council's proposed charge on land will need to be addressed prior to funding).

From Metrics perspective, Council should not have a charge on land that takes precedence to the finance provided by it. I assume this would equally be an issue for your proposed mezzanine/second mortgagee.

Thanks

Nicole

RHODES NSW 2138

Dear Sir/Madam,

SUBJECT: LOCAL PLANNING PANEL ADVICE

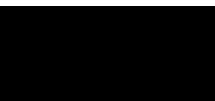

The Local Planning Panel considered a Planning Proposal in relation to 1-9 Marquet Street, Rhodes & 4 Mary Street, Rhodes on 23 August 2018.

The Local Planning Panel provided the following advice:

1. *The Panel acknowledges that Council has formed a position on this planning proposal and the Panels advice is coming at a point late in the process.*
2. *The Panel has reviewed the advice from the DRP and generally endorses their advice.*
3. *The Panel understands that the Strategic Policy Framework informing built form outcomes of this site and surrounding sites is the Station Precinct Masterplan. This has informed changes to LEP controls.*
4. *The Panel has concerns with the Planning Proposal regarding;*
 - *the departure from the built form outcomes anticipated by the Station Precinct Masterplan;*
 - *the interruption of the principle of stepping down of built form to the foreshore*
 - *The quality and utility of 343sqm of public open space.*
 - *The capacity of the existing transport network to accommodate increases beyond the Masterplan remain unresolved.*
5. *The Panel questions the appropriateness generally of relying on heliostats to replace the loss of natural sunlight particularly on planned public spaces and the ongoing cost burden to residents.*

Should you have further enquiries in relation to this matter please contact Paul Dewar on 9911 6406.

Yours sincerely,

Paul Dewar
Manager Strategic Planning
