BRUZZANO: No – no – no I didn’t see him I um I tickled his - I tickled his side at lunch there – when you were there and that’s all I heard from.

CHIDIAC: Fuckin I didn’t hear you tickle his side what did you say to him?

BRUZZANO: I didn’t I tickled him and he, he giggled you see cause he didn’t –

CHIDIAC: Oh okay - okay I didn’t see that, no I didn’t see that. Alright. Everything alright, how are the boys they’re going alright?

BRUZZANO: Ah the boys are um – the boys are fuming, they – they just feel that council done the wrong thing by them and they’re downloading all this info and I said I don’t know Joseph, I don’t know look I can read this and it’s unfortunate I – I don’t think the council should have done this the fact –

CHIDIAC: (UNINTELLIGIBLE)

BRUZZANO: - the council –

CHIDIAC: Yeah no.

BRUZZANO: - shouldn’t have done this. It looks incorrect you know.

CHIDIAC: Yeah no well the boy – we had a good chat John K and Rick had a good chat yesterday um had a good chat yesterday, but anyway, but John K walked away relieved.

downloading all this stuff that the council should be doin and um they're finding it quite contradictory and – and um I – I think maybe – ah I said look there's nothing wrong with you putting your argument together and calling the council up if um – if um they haven't got their facts right, nothing wrong with you straightening - you got to defend your position boys, you know.

CHIDIAC: Yeah – yeah, but they – they um ah I mean John – John K would have spoken to 'em yesterday so um John K said to me oh you got to have a chat to em kind of thing, I said mate I don't know what I could say to them that I haven't already – I haven't been saying for the last five years. (INAUDIBLE)

BRUZZANO: Yeah but hang on -

CHIDIAC: I've ran, I've ran out of thing to say.

BRUZZANO: Josep - I understand Joseph, but that's bullshit because John K rings up Joseph and fires him up, alright.

CHIDIAC: No –

BRUZZANO: (INAUDIBLE)

CHIDIAC: - Joseph d - no Joseph doesn't need – look they were both fired up, they were both emotional I tell you – I tell you just let me take you – take you – ah take you back a couple of days okay. They – they – look - the report that came out and look I – I was the first one to - told council I said this is absolutely bullshit. I said you've come out, you put a report together you haven't given anyone to counter your - the argument that you put. Your argument is I'm told is floored, you haven't given anyone opportunity, no one saw it coming, you've ambushed everybody in this process.

BRUZZANO: No I'll tell you where it's floored Joseph where we looked at –

CHIDIAC: No, but let me finish, let me – let me finish. I said – the – the – it's floored I said there's – there's information in there that doesn't stack up I said youse gone the wrong way about it. They said oh you know we've had meetings and the, I said look you can have all the meetings in the world at the end of the day – at the end you've shot this process down you've ambushed em I said the guys not happy, they've got every right not to be happy. So the coun – they're, they're we're giving it to em. One John said came up he said to me oh some – ah the submission has gone in. That was last weekend. Okay someone's leaked the submission to the reporters.

BRUZZANO: (INAUDIBLE)

CHIDIAC: I said look I can't comment on that, let me find out. It turns out yes, you know, I've been asking the same question for the last three four days turns out yesterday as of yesterday the – the submission hasn't gone in. I said see John the submission hasn't gone in okay you know you made these accusations you're wrong. I said we got to check our facts before we make any allegations. Ah but anyway they – they had a good chat, they had a very good chat yesterday and a they the council got to keep talking to the Department of Planning and what they – what – what they council said they've said mate we're not against the plan okay we're not against the three thousand six hundred units, we're just against the actual process that we haven't been involved in. And – and anyway, but like I said to you John and Rick walked away they – they felt, you know, I think relieved in a sense.

BRUZZANO: I don't think so mate, I don't think so. They said that, but they've all fired themselves up they aren't happy. There's – there's other – there's other – they've been going through those reports in detail now. There's some inconsistency with um with the councils position of various sites. There's inconsistency with the reports somewhere that - that talks about um – um iProsperity site something about you, you've been saying that they – they um – ah disagree with certain aspects because of certain parking things or certain traffic things –

CHIDIAC: (INAUDIBLE) yeah I – I think I – I think I know –

BRUZZANO: But then –

CHIDIAC: - I think I know where you're coming from what they're –

BRUZZANO: But then -

CHIDIAC: Yeah what they're –

BRUZZANO: Hang on –

CHIDIAC: Hey –

BRUZZANO: - and then about theirs where we have all those traffic issues under control they um – they go negative again, so in other words there's – there's inconsistency on the council as to what it's position really is. All that – all that's going to create problems for the council because they're all going to highlight this now legally –

CHIDIAC: No – no – no – no listen - listen I've (UNINTELLIGIBLE) that, they're trying to – they're – they're trying to make threats that iProsperity were (UNINTELLIGIBLE) –
