

THE COMMISSIONER: And you think that was around September?  
---Around September/October where he explicitly said that. I mean, he, he was giving hints but I don't, I remember having conversations with him then, I don't know when, but he had said – just I think I'd questioned him about, "Oh, how do you know so much?" or, you know, "What, what is this?" And then, then he said, oh - - -

THE COMMISSIONER: I was going to ask you, just tell us about the hints he was giving you.

10 ---Pardon? Oh, I guess, he, he would ask questions and it would just, it would just be like, "Oh, you know, this is how you normally do things with, with, with RJS," or, you know, "This is how you deal with them," you know, just questions that didn't seem like you would, you know, you, you'd expect someone to ask.

THE COMMISSIONER: Can you give me an example?---I guess he'd just be like, "Oh, no, oh, let me know if you, you know, if, if you're not getting what you want. You know, I've, I've," he said that "I know Tony, you know, I can speak to him to help you out." Or just questions like, "Oh, if  
20 there's any issues, you know, with the building works, can you, can you let me know?"

THE COMMISSIONER: All right, thank you.
