

You said that you had a conversation with Vlad in a coffee shop and that's when he disclosed to you that he was working for Dalski, is that correct?

---Yes, that's correct.

10 Do you remember where, you said it was in 2020, do you remember which coffee shop you went to?---Um - - -

Was it near Banksia?---It was near Banksia, yes, that's correct. There were two coffee shops, I don't remember which one, that we used to frequent. One was opposite the station and then one was also close to the station but up towards the main road.

20 Why would Vlad be disclosing this kind of information to you if you said he's had such a keen disliking to you on Kingswood?---I believe Vlad still thought as an engineer, like technically I was a good engineer because, that, that I was doing a good job. Because like I said, Vlad wanted me to, after he told me, he wanted me to come and work for him at Dalski, so I believe that was the reason why he told me that information because he could try and poach me for Dalski in the future.
