Mr Cannuli is being
questioned as an occupier
of 405 Willowdene
Ave Luddenham.

The property is currently
being investigated for
an illegal landfill
complaint from 2012.

Mr Cannuli was asked:

Q = what is your purpose
on that property.

A = I've been involved
on Robbins land since
the 70's, 1974 but
he is letting me build
glass house on that
property.

Q = So who brought all that in, "fill" we have conducted testing on site and it has come positive for Asbestos, tell me about that?

A - Well ~~Mosir~~ I had nothing to do with that, that's the transporter.

Q = I then heard Mr Cannoli tell me that Mosir was responsible for the fill or who he got the fill from. I was told it was all clean and at the time I saw a report stating that the fill was clean not rubbish.

Q = Do you believe the ~~interior~~ was conducted fairly and ~~unbiased~~ unbiased, [redacted]
