Hi Anthony,

Further to your email below, while I was walking the new appointment around this morning she advised me that she writes the tenders that MACE submit for DAGJ.

Therefore a conflict of interest is present and I would like to report the above for your information.

Regards,

Fatima Hammoud | Contracts and Procurement Officer | Asset Management Branch | Department of Attorney General and Justice

Subject: Project Services

Dear all,

With Mace now supporting AMB with the strategic planning role we no longer can invite them to tender on other projects at this stage. They now have access to confidential information and it would be a perceived unfair advantage to them. Therefore, any intended tenders or current tenders that anyone was considering using Mace should not be issued accordingly to them. Existing contracts are exempt and they can still be part of the project. Please ensure this is followed to not put yourselves or the Department at risk
