Hi Ron,

I hope all is going well with you. We have been developing a really compelling online lab environment for Pete Lewis and team over the past couple of months. It is now at the stage that I believe there is a great opportunity to take this to a wider audience across other TAFEs in NSW.

I am starting to plan the strategy. Are you interested in working with me on this?

Regards,  
Jason

Hey Ron,

Is your storm solutions still running? If so maybe we should have a chat about some opportunities?
