Cheers Andy

Just shaking my head and laughing at present. If its Joe we it would be good - he knows what our capabilities are and that we will delivery for them.

Can you have a think about what support information we may want to provide at the interview....think about insights and issues – maybe a small presentation on what’s really important to get right in those first 90 days and/or lessons learnt from the previous work across some of the key areas such as IR etc.

Subject: Railcorp

Hey

- Had a chat to Chris Rowe today – he phoned. Joe is prob going to be the convener for the interview which is good news.
- He went on to say that the procurement RFP was bugged up and should have been for a consultancy not WCCL. It also should have been for 12 months not 90 days. He/they will have to fix it up further down the track.
- The benchmarking was won by Indec.

Thanks
