G'day Brett

Hope you are well.

I am overseas at states for the next 3 weeks. Just tried to call your landline but it went to voicemail.

I couldn't enable international roaming because of my contract. I'll try you again tomorrow.

My email shouldn't translate, not sure why that's happening.

Chat soon.

G'day mate,

Hope you're well.

Called a couple of times, and it goes straight to voice mail. So I thought that maybe you were OS, so I thought that I'd drop a mail. If you can please give me a call at some stage I'd appreciate it?

One other thing is that, and I'm not sure if this is intentional, but the link in your email title block (sales@globalwidetrade.com.au) translates to [REDACTED]

Speak soon.

One other thing. When you reference my name please use the following:

[REDACTED] (also known as [REDACTED] at work)

It's a long story but on my identification it is spelt [REDACTED] i but on my qualifications I am known as [REDACTED] so we need to reference both.

Thanks

Subject: Referee Report

Hi Brett

Mate it was good to chat. As discussed, I am looking to apply for an MBA program at Macquarie University and I was wondering if you could write a referee report (please refer to attached point 23 as to what they are looking for) ?

You could mention the following:

- How many years you managed me
- My progression from Systems Administrator to Network Services Manager and eventually as a Solutions Architect
- They are in particular interested in my background in management
- You could also mention that you remained in contact with me after Unisys and briefly mention my success in starting my own company (Global Wide Trade Pty Ltd) and my management expertise as MD

Many thanks

Referee Report for [REDACTED]

I have known [REDACTED] (known as [REDACTED] to friends and colleagues) for almost fifteen years, and worked with him closely and in a supervisory capacity for several of those. From the outset, [REDACTED] was always destined for responsibility well beyond his various stations of employment, as he consistently demonstrated maturity and judgement well ahead of his peers and some supervision.

It's these attributes, mixed with [REDACTED] natural intelligence and humility, that instils confidence in those around him, a mix of skills that allow him to quickly move through various entry level roles, inevitably into leadership and organisational management roles. This promotion is generally swift, and quite often initially in the same business streams, where he has been able to responsibly adjust the tactical approach of the very units he's been working in, using first-hand knowledge of what really works and, more importantly, what doesn't, in all aspects of operation. Most significantly, Romal's focus on operational efficiency is primarily based on people and processes, to achieve realistic transformation of bottom line results.

With his exposure to complex clients, projects and tasks, he has always been able to demonstrate level headedness and attention to detail, which are his other key strengths. [REDACTED] recognises and takes the best aspects of leadership and team membership, melding them into an attitude that is a proactive example to those around him, naturally encouraging the best in others. This approach has allowed him success in the establishment of his own business, something he has built from the ground up.

Several years ago [REDACTED] and I spoke about plans he was working on to establish his own business, and true to form, he had put significant effort into the planning and direction, not only at a micro level, but more importantly at the visionary macro level, which has been key to his success. [REDACTED] has built a significant business with wholesale, retail and distribution channels, employing several personnel in areas that will allow the business to grow, while building the careers of all involved.

[REDACTED] and I have remained in touch throughout the years and I consider him not only a great colleague, but a trusted friend. [REDACTED] cares. Not only about those around him, but how results are achieved and whether or not they are the right results, which is an important aspect of business, often lost in current times.

Once again seeking to broaden his breadth and depth of knowledge, [REDACTED] is looking to further his education, specifically in the realms of business relevance. This is the continued evolution of that original focus and drive that was obvious all those years ago when we first met, and I wish him the best on this new chapter, knowing that he will give one hundred per cent to all he is involved with.

If you would like further information or expansion on any of the above I am available for contact on [REDACTED]

How long have you known the applicant?

What is your work connection with the applicant?

For what type of management position would you see the applicant being suited in the long run (for example, would you see the applicant's future as a line manager, chief executive officer, adviser or specialist)?

NOTE TO REFeree

The applicant mentioned has applied for admission to a program at Macquarie Graduate School of Management (MGSM) and has nominated you as a referee.

The purpose of this MGSM program is to provide an opportunity for students to develop knowledge, abilities, attitudes and understanding which will constitute a foundation for their growth into competent and responsible managers. It would assist the School if you would provide your assessment of the applicant.

This report asks for information that the School finds useful in assessing the applicant's ability to successfully complete the program. The form is provided for your convenience and allows for the relevant information to be supplied in the necessary structure. Any information you provide will be considered strictly confidential.

We are aware that we are asking for considerable time and effort on your part in completing this form. However, far more applications are received than there are places available and it is necessary to select carefully those applicants to be admitted. Your assistance in giving this appraisal is very helpful to us and greatly appreciated.

Writing skills				✓	✓	Somewhere in between
Analytical skills				✓	✓	Somewhere in between

What are the applicant's outstanding strengths?

██████'s honesty and integrity are second to none. This is partially a product of culture and upbringing, but more so what he brings to the table himself. He is dedicated to positive outcomes for himself, and more importantly, not at the expense of those around him.

What are the key areas in which the applicant would benefit from development?

██████ would benefit from work on identifying the detail steps to achieve big picture outcomes.
He would also benefit with assistance around written communication as applied to various levels of business.

Do you have any comments about the applicant undertaking a demanding postgraduate program in respect to his/her:

1. Motivation

██████ is a driven individual, and for him to make the choice to commence something like this program, I have no doubt that he will see it through. Motivation is not something that Rumel lacks.

2. Aptitude to study

██████ may require assistance with some areas of study, simply to make sure he's not 'over cooking' / over thinking it.
██████ applies himself 100% to any task, and pushes even harder for things that are of interest to him.
If there was any concern, it would be that he has the support to ensure that he does not burn himself out?

3. Time Management

██████ time management is excellent, and pretty much the cornerstone of the significant business interests that he has already built.
