Dear Mr Farlow

I refer to your letter of 6 December 2024 concerning the Select Committee inquiry on the Proposal to Develop Rosehill Racecourse.

The Select Committee has referred to the Commission its report of 6 December 2024, on the basis that the Select Committee had concerns regarding direct dealings and conflicts of interest as part of the proposal to develop Rosehill Racecourse.

### **The Commission's decision**

The Commission's Assessment Panel, comprising the three Commissioners and senior Commission staff, considered the information set out in the Select Committee's report. The Assessment Panel has unanimously determined not to commence an investigation on the basis that the information before the Commission does not indicate a reasonable likelihood of corrupt conduct occurring.

That said, the Commission nevertheless thanks the Committee for its referral, as such referrals assist the ongoing work of the Commission.

Yours sincerely

The Hon John Hatzistergos AM  
Chief Commissioner
