Subject: FW: LETTER OF SUPPORT

Hi Matt
 See email I received re the Private Hospital.
 Can we get your support on this project as stated below.
 Thanks.
 Michael Hawatt

Subject: LETTER OF SUPPORT

Hi Michael

We would require a letter to the effect that Council is in support of the concept received for a Private Hospital and would look favourably to the additional FSR proposed subject to the developer submitting a planning proposal to support the increase in FSR.

Council advises there may be an issue with height restrictions though this may change as Bankstown Airport has closed and has been sold for major residential redevelopment.

Regards Steven
