STATEMENT IN THE MATTER OF: Op Dasha
PLACE: ICAC
NAME: Brian ROBSON
ADDRESS: Known to the ICAC
OCCUPATION: Retired
TELEPHONE NO: Known to the ICAC
DATE: 13 March 2019

States: -

1. This statement made by me accurately sets out the evidence which I would be prepared, if necessary, to give in Court as a witness. The statement is true to the best of my knowledge and belief, and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.
2. I am 67 years of age.
3. I was elected to Canterbury City Council (Council) as a Councillor in September 1999. In November 2011 I was gazetted as Mayor and popularly elected as Mayor in September 2012.
4. I was dismissed as Mayor, on 12 May 2016, when Canterbury Council was amalgamated with Bankstown Council to form City of Canterbury Bankstown Council.

**STATEMENT IN THE MATTER OF: Op Dasha – Pierre Azzi
NAME: Brian ROBSON**

5. I have previously provided six signed statements to the NSW Independent Commission Against Corruption (“the Commission”) for operation Dasha. They were;

- (a) 6 December 2016 (Homer Street Earlwood),
- (b) 9 May 2017 (Josephine Street),
- (c) 9 May 2017 (recruitment director of planning),
- (d) 9 May 2017 (interview questions director of planning),
- (e) 24 May 2017 (telephone call with lemma regarding Azzi) and
- (f) 6 June 2017 (amendment to statement regarding recruitment director of planning).

6. As the former Mayor of Canterbury Council I have attended most days of the public inquiry currently being conducted by the Commission. I believe I have attended every day that former Canterbury Councillor Pierre Azzi has given evidence. After listening to Pierre Azzi’s evidence during the public inquiry and reading the transcripts of his evidence I can say the following regarding;

- (a) Meeting on 25th June 2015 (transcript pages 6060 to 6062);
- (b) Knowledge of Jimmy Maroun development sites (transcript page 6149);

Meeting 25 June 2017

7. On 26 June 2015 I emailed Commission Investigator Grainger regarding a conversation I had with Jim Montague (former General Manager) on the same day. Jim Montague told me that his meeting on 25 June 2015 had been with Pierre Azzi, Michael Hawatt (former Councillor) and Charlie Demian (developer).
8. The original email contained an attachment relating to a 'motion' in council to a parcel of land at Lakemba that is unrelated to this matter. I have not included that attachment in this statement.

**EXHIBIT 1: I PRODUCE A COPY OF THE EMAIL I SENT TO INVESTIGATOR
GRAINGER DATED 26 JUNE 2015.**

9. On either Tuesday 7 July 2015 or on Wednesday 8 July 2015 Jim Montague told me the following about the meeting on 25 June 2015;
 - (a) The meeting was at the request of Michael Hawatt and Pierre Azzi;
 - (b) Michael Hawatt and Pierre Azzi brought Charlie Demian to the meeting.

**STATEMENT IN THE MATTER OF: Op Dasha – Pierre Azzi
NAME: Brian ROBSON**

- (c) I recollect that the GM told me that he had no knowledge that Demian would be attending the meeting as he believed that it was to be a meeting between himself, Hawatt and Azzi.
- (d) Spiro Stavis (former Director of Planning) had also been at the meeting.
- (e) Montague told me Demian had strongly advocated that Council had the authority to speed up the process.
- (f) From my conversation with Montague it became clear to me that the purpose of the meeting was to put pressure on Council through Spiro Stavis to try to override the Department of Planning (*the people at the meeting had a view that the department was holding up a rezoning application for the Harrison Hardware site at 548 Canterbury Road, Campsie*). I understood that a Charlie Demian company owned the site.
- (g) Montague told me that he had spoken to both councillors (*he said he warned them not to do that again as it was totally inappropriate*).

10. At 1:14pm on Wednesday 8 July 2015 I sent an email to Investigator Grainger informing him about the extra information Jim Montague had provided to me regarding the meeting on 25 June 2015.

Jimmy Maroun

11. In mid-2013 Azzi approached me and said that a friend of his was holding a BBQ and had invited me to attend. He also told me that the person was an “important” man in Earlwood and a friend of his.

12. On the designated evening I picked up both Azzi and a friend at Azzi’s house in Roselands. Azzi directed me to Jimmy Maroun’s house in Earlwood. When we arrived, I was surprised to discover that we three were the only guests.

13. During the evening Jimmy Maroun asked me how he could get a property rezoned. During the conversation I became aware that he was talking about the Robbo’s site at 453 – 459 Canterbury Rd, Campsie. I was aware of the site as it had been before Council on the 26th July 2012. Until this discussion at Jimmy Maroun’s house, I had not made the connection between Maroun and Robbo’s site.

14. Jimmy Maroun asked me for help and I responded by telling him that the best I could offer would be to ask the Director of Planning to keep me informed as to the progress of his application.

15. Whilst I cannot find any record of the date of the BBQ in any of my diaries I am comfortable in specifying that it occurred in mid-2013 for the following reasons:

- (a) When the invitation was extended I remember thinking that it was an odd time for an evening BBQ as the nights turned chilly early.

(b) I picked up Pierre Azzi, and his friend, at around 7:00pm and it was already dark when we drove to Earlwood.

(c) I picked up Pierre Azzi, and his friend, in my Mayoral Calais, which was my Mayoral car from 1st November 2011 through to mid-2013.

Advisory Committees on Canterbury Bankstown Council

16. When the amalgamation took place on the 12th May 2016, it caused the termination of all councillor positions at Canterbury and Bankstown Council and all council allowances ceased. At the Extra Ordinary Council Meeting on 24th May 2016, the Administrator of the new Canterbury Bankstown Council (CBC) announced the establishment of advisory committees, which the former Mayors and Councillors would be on.

EXHIBIT 3: I PRODUCE A COPY CITY OF CANTERBURY BANKSTOWN COUNCIL AGENDA FOR EXTRAORDINARY MEETING 24 MAY 2016 (Pages 1-2 & Page 19-24).

17. Former Councillors had no duties or responsibilities until the Advisory Committees were established following a motion at the Extraordinary Meeting of Council on 14th June 2016.

18. The first meeting of the Local Representation Committee and Implementation Advisory Group of which I was a member occurred on 26 August 2016.

19. The former Councillor allowance was paid from 1st July 2016 to 30th June 2017 after which the Advisory Committees were dissolved.

20. The allocation of the former Canterbury Councillors to these Advisory Committees at City of Canterbury Bankstown Council were as follows:

(a) Local Representation Committee and Implementation Advisory Group

i. Robson, Vasiliades, Paschalidis-Chilas

(b) Stronger Community Fund Sub Committee

i. Kebbe, Nam

(c) Integrated Planning & Reporting Sub Committee

i. Adler

(d) Policy Review (Community & Services) Sub Committee

Â

The short answer is No!

Â

Whilst the motion has been passed it has no real legal standing until it is included in our DCP.

Â

Work is in progress re re-writing the DCP (in fact we had our 1st workshop last night).

Â

New DAs being submitted are aware of Council's intentions but do not necessarily have to comply as it has not yet been enshrined in our DCP.

Â

As you would probably be aware there is a process to go through before a DCP can come into force so there is still a long way to go.

Â

It will have to go to Council, put out for Public Consultation, and then come back to Council before it can be enforced.

Â

Hawatt and Azzi have made it quite clear that they will be demanding (as recently as last night). that all developments along Canterbury Rd will have laneways despite it not being in our DCP

Â

Re the meeting of the 25th June between the GM, Hawatt, Azzi and Charlie Damien:

Â

The meeting included Spiro Stavis (Director of Planning) as well and was intended to put pressure on Council (Stavis) to try to override Department of Planning (not sure how we do this) who were holding up a rezoning application (to 25m) for the Harrison Hardware site on Canterbury Rd (548 Canterbury Rd). This, along with many other re-zonings along Canterbury Rd, are being held up in the Dept.

Â

The meeting was at the request of Hawatt and Azzi who brought Damien along with them.

EXHIBIT 2

Â

The GM promised to investigate Damien's request but other demands were rejected.

Â

GM has told me that he later warned both Councillors not to do this again as it was totally inappropriate.

Â

Yesterday a DA for 677 Canterbury Rd was submitted for 25M across the entire site (with a laneway to nowhere apparently). The Director has stated that he would not support it as lodged.

Â

Damien is pushing to have the DA put before Council (in its present form) by the August City Development Meeting.

Â

It has been submitted by Statewide which apparently is owned? by Charlie Damien). Statewide have a major development re-zoning before Council this week (Item 2 642-644 & 650-658 Canterbury Rd, 1-3 PLatts Ave & 2A, 2B, 2C & 2D Liberty St Belmore).

Â

As the rezoning application is site specific and closely tied in with a DA I have been advised, by the head of our JPP John Roseath, that it would be best to exclude myself from this item as I would have a significant non-pecuniary interest (or a conflict of interest) should I also be later determining the DA at the JRPP

Â

There have been no rumblings regarding anything inappropriate regarding either of these sites however the apparent close relationship between Damien, Hawatt and Azzi is the cause for some concern.

Â

Brian

Â

Min. No. 308Â RESOLVED (Councillors Hawatt/Vasiliades) THAT

1.Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â The assessment of all current and future development applications relating to sites on main roads, such as Canterbury Road, must consider the potential to construct a rear lane access off adjacent residential streets and the impact the development could have on traffic movement in the locality.

2.Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â These issues be the subject of detailed comment in the development assessment report.

3.Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Canterbury Development Control Plan 2012 be amended to reflect these

objectives.

Â

Â

If not can you provide me with details of where it is up to and any problems encountered please?

Report of the General Manager – 24 May 2016

ITEM 2.3 **Committees and Delegates to External Agencies****AUTHOR** **Office of the General Manager****ISSUE**

To consider matters regarding Council Committees and Delegates to External Agencies.

RECOMMENDATION That -

1. All Standing and Advisory Committees of the former Bankstown and Canterbury councils be discontinued or suspended, as outlined in Attachment A to this report.
2. The respective Committee Members be advised accordingly.
3. A further report be prepared outlining the appropriate Committee structure, governance framework and nomination process for community representation to assist Council in effectively exercising its statutory obligations, as outlined in this report.
4. The Administrator be delegated authority to appoint appropriate representatives and/or delegates to all other External Bodies, as required.
5. An Audit Committee be established as outlined in the report.

BACKGROUND

On 12 May 2016, the City of Canterbury-Bankstown was proclaimed by the Governor of New South Wales. In accordance with the proclamation, an Administrator has been appointed for the interim term until the first election of the new Council.

Under the Local Government Act 1993, the Administrator assumes the roles and responsibilities of the elected Council. This includes decisions on the membership and functions of any committees, planning panels and other external bodies.

REPORT

Attachment A to this Report provides a summary of all Committees, either established by the former Council and/or Committees of which the former councils were members.

EXHIBIT 3

In light of the Proclamation of the Canterbury-Bankstown Council, it is appropriate that Council review and reassess the required formation and/or representation on relevant Committees.

Consequently, it is proposed that all Committees established by the former Councils be discontinued or suspended as set out in Annexure A to this report, and that a further report be prepared outlining the appropriate Committee structure required to assist Council in effectively exercising its statutory obligations.

It should be noted that this review will also include a recommended approach to establishing the Local Representation Committees.

Local Traffic Committees (Statutory Committee)

The Local Traffic Committee is an external committee of the Roads and Maritime Service (RMS). The operation and members of the Traffic Committee are guided by state legislation.

The Committee is primarily a technical review committee. It advises the Council on traffic control matters that are referred to a Council. These matters must be related to traffic control devices or traffic control facilities for which Council has delegated authority.

At this point both the most effective way to managing the large road network of the new Canterbury-Bankstown Council is for the former Bankstown and Canterbury Traffic Committees to continue to operate in their current form, thereby ensuring that Council will continue to be represented on these Committees, as required.

Audit Committee

Given the importance of the Audit Committee and the current transition period to which the new Canterbury-Bankstown Council is subject, it is recommended that the two audit committees of the former councils be combined to form a single, Canterbury-Bankstown Audit Committee, with its membership an amalgam of the former members, until such time that a full review is conducted.

It is further recommended that the General Manager write to all existing audit committee members seeking clarification of their desire to remain a fixed member of the committee for the Canterbury-Bankstown forum.

Following receipt of these responses, the General Manager be delegated the authority to proceed to an Expression of Interest for membership of the Committee, and subsequently make any required appointments in consultation with the Administrator.

Finally, this report recommends that the Audit Committee, at its first meeting as the committee of Canterbury-Bankstown Council, agree on all Policies and Procedures relevant to its operation, with a report to be provided to the General Manager and Administrator and the minutes to be adopted at the next Ordinary Meeting of Council.

For clarity, the existing Audit Committees, that is, the Audit Committees of the former City of Canterbury and Bankstown City Councils cease to operate as singular committees.

POLICY IMPACT

Council Committees serve an important role in providing both specialist and broad community advice on planning and delivery of council's services to its Community, and importantly, ensuring the effective transition of operations.

Council's review will provide the required governance framework and approach to ensuring that our Community have an opportunity to both participate and contribute to the future planning of our new city.

FINANCIAL IMPACT OF RECOMMENDATIONS

There is no direct financial impact as a result of the recommendations reflected in this report.

RECOMMENDATION That -

1. All Standing and Advisory Committees of the former Bankstown and Canterbury councils be discontinued or suspended, as outlined in Attachment A to this report.
2. The respective Committee Members be advised accordingly.
3. A further report be prepared outlining the appropriate Committee structure, governance framework and nomination process for community representation to assist Council in effectively exercising its statutory obligations, as outlined in this report.
4. The Administrator be delegated authority to appoint appropriate representatives and/or delegates to all other External Bodies, as required.
5. An Audit Committee be established as outlined in the report.
