AZZI: Yeah – yeah – yeah fuckin –

HAWATT: No – no I – I sent the reply to them – to Jim Montague saying it's not acceptable because this way it gives us an opportunity to get things back for the community. You know, I mean, they're used to giving 'em twenty-five, then they want twenty eight then – then – then you give them twenty-eight then they want thirty-two. You know what I mean.

AZZI: [Again Micheal we talk. Because] it's clear that [they are all, they are all doing the] interpretation [of it. (unintelligible) if you don't fill out the] form. [All the] councilors [will go home and the ones that fill out, will remain. I will talk to you when you get back. I spoke with Karl and he said to me, "When Micheal comes back we have to talk to him] to make sure" because the] minister that bastard the minister [wants people to stay in] council.
