There was a unanimous support for amalgamations of councils. However it was also just as important that Liberal Councillors need to have their say to ensure the future survival of Liberals in Local Government. We therefore call upon the support of our members of Parliament to give us their support in this regard. We therefore seek an urgent meeting preferably in Parliament to discuss further. 62	Sent	To [REDACTED] Kent Johns Direction: Outgoing	29/01/2016 6:38:34 PM(UTC+11)			Sent	Hi All The Canterbury Bankstown merger proposal will create a council of over 100sq kilometers with a population of 350,000 which will grow to over 400,000 within 10 years. This is roughly the size of the ACT, the Northern Territory and Tasmania. This will potentially create a powerful Labor council with the majority of Labor Councillors. In contrast to the new Kogarah Hurstville council which will have a population of 147,000 people. Still smaller than Canterbury now. Other councils declared not fit have been left alone with less population than Bankstown who was declared fit for the future. The action being taken to reform councils is not a reform in this way but a politically motivated to towards labor in this case. I am in favour of real reform not a quick fix to satisfy some sort of a political objectives. Its not too late to have this process reconsidered. A concerned Liberal with 20 years of experience as a Councillor with Canterbury. Your support to ensure that the process of amalgamation can stand scrutiny and objectives assessment. Michael Hawatt

I am told that two committees will be established to work with the Administrators. The first consisting of Mayor and Deputy Mayors and the second for interested former councillors. Again what a joke imagine having our Canterbury Mayor and Deputy both useless Labor and were against amalgamations. They had no say or power on our council. All you have do is check the minutes and see what support the Mayor had. Michael
