VASIL: (UNINTELLIGIBLE) ah how'd you go with – I'm in the park walking you're on
 loudspeaker I got it, how'd you go with –

HAWATT: With Spiro it went well.

VASIL: Yes

HAWATT: I told him and Spiro he's happy to have it separate, I said look we need to have it separate.
 If somebody wants something, they can just take it.

VASIL: Yeah.

HAWATT: Without having referring to a different (UNINTELLIGIBLE)

VASIL: Okay so he was not resisting that?

HAWATT: No – no he agreed (UNINTELLIGIBLE) –

VASIL: (INAUDIBLE)

HAWATT: - you have to I don't care you know if it's – you repeat it.

VASIL: Yeah.

HAWATT: It's best to repeat it than having to refer to – back to something else it confuses.

VASIL: Well it's still repeating he's having it in the business section.

HAWATT: No – no I'm just saying –

VASIL: Yeah.

HAWATT: - instead of repeating the same thing (UNINTELLIGIBLE) residential component in there –

VASIL: Yeah.

HAWATT: - and you want to apply – apply the same controls (UNINTELLIGIBLE) repeat that –

VASIL: Yeah. Yeah, but in the residential he's got shop top housing that section should be in the business zone.

HAWATT: Yeah – yeah I told him that.

VASIL: Oh –

HAWATT: I told him.

VASIL: So he agrees with that, okay.

HAWATT: Yeah – yeah.

VASIL: Alright. Ah the – the structure, did he agree with you? Did you show him what the resolution was?

HAWATT: Yeah – yeah no he’s seen it, he said I’ve seen it.

VASIL: Yeah okay.

HAWATT: No – no he’s happy – he’s happy with the changes I spoke to him about the objectives and the – the setbacks.

VASIL: Yeah.

HAWATT: And about that twenty metre wall, you know the straight wall they had. Which is ridiculous I said. Is the zone got a date in it, I said yeah it was in there before (INAUDIBLE)

VASIL: A straight wall? What was that one?

HAWATT: Like they don’t want to put a –if you want to put up a house for example –

VASIL: Yeah.

HAWATT: - they – they want twenty metre – as soon as it hits twenty metre you going have to go in.

VASIL: Yeah – yeah.

HAWATT: - and then break it and the go – go out again.

VASIL: Yeah that's stupid yeah.

HAWATT: I – I said that is ridiculous, I said for example that could create more problems because they'll create an area for kids to play.

VASIL: Yeah.

HAWATT: And have noise instead of having privacy you have noise.

VASIL: That's' right.

HAWATT: That defeats our objectives (INAUDIBLE) –

VASIL: (INAUDIBLE)

HAWATT: - (INAUDIBLE) for that.

VASIL: Yeah – yeah -

HAWATT: And –

VASIL: - did he have it in front of him, did he have it ready?

HAWATT: No I've got a copy of one, he gave me the copy.

VASIL: Very good, so he gave you the one with the changes?

HAWATT: Yeah the – he gave me the – the current one. He said look when we put it at the workshop they still go to show (UNINTELLIGIBLE), but it'll be – because we've already done it.

VASIL: Yeah.

HAWATT: But the new one will be based on what you see (UNINTELLIGIBLE) fixed up.

VASIL: (INAUDIBLE)

HAWATT: And he's happy we put in like the zone and within that zone –

VASIL: Yes.

HAWATT: - a breakdown like for example residential zone.

VASIL: Yeah.

HAWATT: And you can have a breakdown you know R2, R1 and then –

VASIL: Yeah – yeah.

HAWATT: - all the stuff associated with it you know, so he's happy with it.

VASIL: That's good, yeah – yeah okay. How'd you go with the one at Punchbowl (INAUDIBLE)?

HAWATT: Ah look he – he's – I'm - I'm satisfied with whatever – what he's done, he's said he's – he understood the problem.

VASIL: Yeah.

HAWATT: And what he did – the only reason he gave a (UNINTELLIGIBLE) height was to break the building up instead of having one bulky looking building he broke it up –

VASIL: Yep.

HAWATT: - the gap in-between.

VASIL: Yeah.

HAWATT: Which I understood and I said it makes sense which gives the residents at the back more light –

VASIL: Right.

HAWATT: - and sun all that there and –

VASIL: Yeah.

HAWATT: - and no overshadowing so – and I looked at it and he showed it to me I said yeah that makes sense.

VASIL: Yeah.

HAWATT: And he said also he made them – he’s forcing them the recommendation -

VASIL: Yeah.

HAWATT: - to – to raise the – the floor, the ground level.

VASIL: Yes

HAWATT: But not the height, you know what I mean?

VASIL: Right – right – right,

HAWATT: And he said they will end up losing eight units from that.

VASIL: Yeah okay, alright (INAUDIBLE) –

HAWATT: I said look it's s – it's sound like you done, I said to him look it sounds like you done the – the right thing, but what I heard it really pissed me off before you know.

VASIL: Yeah.

HAWATT: He said the guy he's ama – he's – he's a maniac is that what he's saying, I said that's exactly what he's saying.

VASIL: Yes, yeah.

HAWATT: Anyway so I – I'm – I'm happy with it and, and Pierre told him that if I'm happy with it then he's okay with it you know.

VASIL: But is it eight storeys?

HAWATT: It – look it is eight levels, but the problem – what – what he's done and he said that in the – he put a condition in there, but it's up to the JRPP –

VASIL: Yeah.

HAWATT: - that – he – they should raise the – the ground level –

VASIL: Yes.

HAWATT: Without raising the height is it – if they do that then they lose the top floor.

VASIL: Yeah right the top floor – floor yeah okay.

HAWATT: So I don't know what Charlies done.

VASIL: Alright – alright.

HAWATT: So he's – he's – look he's done the right thing on that one –

VASIL: Yeah good, okay.

HAWATT: There's no doubt.

VASIL: Alright.

HAWATT: I – I said I'm happy with that if – if you – you've addressed all the problems –

VASIL: Yeah.

HAWATT: - and that was it you know.

VASIL: Yeah good. It's good he's paying attention to you.

HAWATT: Well he's – look they know that I'm – I'm on top of things at the moment –

VASIL: Yes, yes.

HAWATT: - and I'm not gonna let go, I'm gonna –

VASIL: Yeah – yeah.

HAWATT: - put up with the bullshit that we done before with Marcello.

VASIL: Yes.

HAWATT: And I told him about Marcello I – I’ve spoke about the deep soil like what Marcello did regarding deep soil.

VASIL: Yeah.

HAWATT: I said does it really matter whether you got deep soil in the middle or on the side. As long as you get the same percentage –

VASIL: Yeah.

HAWATT: - it works, so what’s the problem with it and he says yeah that’s right.

VASIL: That’s right – that’s right.

HAWATT: I said bloody Marcello I said he forced us he said he was happy with the change before, but he still wants (UNINTELLIGIBLE) to support it. I mean I thought what sort of a – a dope was that you know.

VASIL: Yes – yes – yes.

HAWATT: He said yeah I know like you know.

VASIL: Good.

VASIL: Yes – yes – yes.

HAWATT: He understands you know it’s not difficult to convince him.

VASIL: Yes.

HAWATT: You know something makes sense, common sense he sees it.

VASIL: Right good, good –

HAWATT: You know it’s not that oh no – no – no, you know?

VASIL: (INAUDIBLE)

HAWATT: Bloody Mr No – No..
