Sir: It is apparent that some of the centre management A/S have no faith in my ability I therefor offer to stand down if this is in the best interest of the centre, I would greatly regret to leave this position as I believe I have the best interest of the centre at heart and I strive to do my best but the constant undermining of my position as the team leader of the IAT when called to assist cannot continue. I fear someone will be hurt and I do not want this to happen.
