Subject: RE: Placeholder for FLIR thermal camera trial
Importance: High

Hi All,

I just received a call from the vendor advising that the enclosure for the thermal camera won't be ready this week so we'll have to reschedule.

Paul – Can you let me know your guys availability for next Thursday (1/12) and Friday (2/12)?

Regards,
Jai

~~*~*~*~*~*~*~*

IMC will be setting up/configuring the thermal camera from 9:30 onwards on the 24th, so I expect by midday, the trial should commence with the assistance of Paul Rogers team.
