Hi Jai,

Please find quotation for 8 x scale stacker units as requested.

I have spoken to Steve and he assured me that he can fabricate 40 x units before the EOFY.

Should the decision be made to purchase the longer (LP788) scales then the stacker racks could be revised to accommodate the additional length.

Regards

DJ

Hi David,

Please find attached quote for the 8 stacker, I know you only needed a cost but it was just as quick to amend an old quote. My designer is on annual leave for another week so I'll get him to do an updated drawing on his return, he'll email it to you directly.

Kind regards,

Steve Mills | Managing Director |

Subject: Request for Urgent Quotation

As a matter of urgency, would you please advise on approx.. cost of an 8 x scale stacker unit with following dimensions:

Length	900MM
Width	1145mm in 2 x divisions each 532mm
Height	250mm
Internal shelf lip	100mm

I've attached a "roughly revised drawing" & would appreciate a response, if possible before COB next Tuesday, 20th – know I am stretching the friendship, however I need to submit a proposal for a RFQ (Tender) for new scales & suitable stacker units.

A formal quotation & drawing can be provided at your leisure

Many thanks & regards

DJ
