Team,

After more than 8 years of dedicated service as the University's Manager of Security Services, Morgan Andrews has decided to pursue other opportunities outside of the University.

Under Morgan's stewardship, the entire University community is safer and more secure than it has ever been. Morgan had a lead role in the development and roll out of many significant initiatives, not least of which include:

- The University Emergency Response Plan and Crisis Management Plan,
- Upgrades to the Access Control and CCTV infrastructure and hardware,
- Negotiations, consolidation and procurement of the new security contracts,
- Establishing the University of Sydney Liquor Accord and Behavioural Risk Management team.

On behalf of the Campus Security Team, I'd like to take this opportunity to personally thank Morgan for his support and dedication over the years and his contributions to the University's commitment to continuous improvement.

Please join me in bidding Morgan a fond farewell and wishing him and his family all the very best in every success in their future endeavours. Morgan's last day will be this Thursday 21 July. Please join Morgan for a farewell drink at the Royal from 4pm.

In the interim, management responsibilities of the Campus Security Unit will rest in the very capable hands of Dennis Smith.

Regards

GREG ROBINSON | Director
