Hello

Tim is out for sure. He even wanted to return his \$1000. I told him it was his per the agreement and suggested a number of charities he can give it to if he doesn't want it but that I wouldn't accept it

The RSL is out as a whole

I think the major hurdle in the end was the explanation by Maggie and Monica of how it works. They really need to be careful.
When asked by Tim what happens if immigration officials turn up he was told they probably won't but on the off chance they do just tell them he is on leave/holidays/sick etc

The other thing was the candidate. He was excellent but telling fibs. For example he was asked where he was from and he said..I think...in the North. Then later told us he was somewhere, can't remember and that was in the south. Then he stumbled and said in the south

That was the killer I think

Keyes had the shits from the first day we arrived in China because he was way out of his depth and this was just an extension of this. He also feels threatened, probably by me, and was just showing his power. Made himself look a complete goose
Anyway, all this was in a private meeting and I know you won't repeat it
I need to be in Canberra Saturday and back Sunday. Taking muffy for company and to get her away from wagga as it is all a bit much for her here at the moment

We will call back via your place if that suits and Karen can pay you and collect the car

Cheers

Phil
