Preference name: Veron

Gender: Male

D.O.B: /1987

**Profile Summary**

---

A great passion for the capital markets and cooking provided opportunity to graduate with an economics degree, a certificate III and a diploma of the hospitality management to further into these two fields, which not only could I follow the markets by applying fundamental and technical analysis, but I also enjoyed a variety of the cooking skills. Experiences and interpersonal skills gained from the previous academic studying and part-time work including working within a team, handling customer enquires, applying a great deal of financial data and using a range of statistical analysing tools (i.e. STATA, SAS, MATLAB and R).
