Hi Phil,

I discovered a website the other day, similar to I think what we are thinking of. It is Ezybook. They are a booking agent for small businesses and charge a small fee.

Will show you when you arrive if the Parliament internet lets me...

Hello Nicole

Here is an email I sent Daryl across the weekend in relation to Yiwu. I'm likely to get to parliament around 3 for a couple of hours so we might be able to go over some ideas then

Cheers

Phil

G'day

This is probably a bit rambling as I'm doing this over the day and adding bits as they come to mind.

I can set up an email address without any problems

[yiwu@g8wayinternational.com.au](mailto:yiwu@g8wayinternational.com.au)

and that can come straight to me..like admin@ and info@ and phil@ etc

people in the asia pacific can email us direct an enquiry sheet and we then pass that on to Yiwu..Farres

then he passes it on via his network to the appropriate supplier.....

the supplier and purchaser negotiate a price which includes whatever commission farres gets plus something for us
