Dear Daryl,

Further to your mentioning the Free Trade Zone at Shenzhen and our confidential discussions about our exciting project adjoining the new Western Sydney Airport, attached is a very brief summary and map. SmartWest.Sydney is 233h and in total the holdings are 300h.

Our vision is to be very forward thinking - mainly in the areas of employment and tourism and includes a free trade zone area as well as high tech logistics and start up area close to the airport.

I look forward to brainstorming with you – as you are obviously ahead of the curve!!

Wishing you a great trip.

Kind regards

Louise
