Jarrad

Rob has reconsidered this request. Simon and dept staff will take this meeting.
 Please do not send this request or letter to the department. Simon will coordinate.

Many thanks

Sue

Message	Dear Minister,

Thank you for the effort you and your office have put in championing the Sydenham to Bankstown corridor strategy. The corridor strategy is where it is at today due to the great work you and your staff have put into the strategy which I believe is a great outcome from a planning point of view.

I write to you in regards to the report recently announced in the Sydney Morning Herald that the Department is scrapping its priority precinct strategy and giving the planning lead back to council. As you know many developers have waited patiently for the strategy release for many years and have expended extensive resources in amalgamating and maintaining landholdings in and around the priority precincts. I myself have worked extensively with town planners, Urbis and architects Turner Studios to develop outcomes that are beneficial to all, including the Department of Planning.

Understandably the recent announcement has left me unsure of what the future holds and am concerned that the outcomes we have worked so hard towards will not crystalize.

Firstly I would like confirmation that the Department is in fact scrapping the Sydenham to Bankstown priority precinct as reported by the Sydney Morning Herald yesterday the 25th July 2018.

“I’m proud the minister has finally listened to me and scrapped his planned precincts, which would have allowed 25-storey towers” - Khal Asfour

Secondly I would like to request a meeting with your office along with my planner John Wynn and architect Nick Turner. I would love the opportunity to have a discussion on this recent reported change and how I can assist Council and the Department in achieving its new vision.

Yours Sincerely,

Joseph Alha
