Hi Louise , thinking of doing lunch in the next sitting week to allow extra time to get the invitations out to the other consuls generals . At this point it looks like around 5th 6th TBC . I would like to catch up re the other matter we discussed , I couldn't access the whole document and would like to look at it in detail . I will be in Sydney Wed Thursday next week if you have time kind regards Daryl

Dear Daryl,

Thank you for the fulsome update and the good news - firstly that all the countries joined and then that the squash issue has been addressed!

Well done!

I will tentatively mark the 28th in my diary.

Thank you again.

Cheers

Louise

G'day Louise , we had a fantastic visit to all 4 countries , and they all joined the group. The Chinese were over the moon and are moving very quickly on some low hanging fruit . While in Tonga we had some great discussions , the chamber of commerce were fantastic , we all dined out and had some interesting dialogue. While there we fixed the China import problem for Squash which was a disaster last year , Mr Li got CCIC to go to islands and get their licences fixed for next season so they can export to China . On 28 the we are planning to have a lunch with all consul generals at PH to thank them for helping us to arrange the visit and report our success. Make a diary note I will confirm later this week , kind regards Daryl

Friends with Paul on Wednesday and have hired a driver from 9 am to have a quick tour and will make
time to meet the princess if possible, we have time the Thursday before we leave in the afternoon .
Thanks ðŸ™™ for your help kind regards Daryl
