Nigel

DPC understands that Minister Ayres has agreed with the Treasurer that the attached draft submission be listed for ERC on 14/12/16. I wanted to confirm that the Premier's Office was aware of the item and whether there were any specific views.

The submission seeks \$5.5 million to assist the Australian Clay Target Association upgrade the Wagga Wagga Clay Target Shooting Facility in time for the 2018 World Down the Line championships and for ongoing regional benefits. There are some concerns regarding the business case and planning, so it is proposed that the funding be contingent upon firmer market based costing and project planning.

Final tweaks are being made by Office of Sport, and we hope to have the sub ready for lodgement to day.

Please call me on 9228 3209 if you'd like to discuss.

Regards

Kent
