Correct Peter: The Wagga one will require an agreement to allow INSW to move outside of the guidelines which is a two-step process. I think the ERC will facilitate this

To clarify:

• [REDACTED] can receive a Restart reservation now, with allocation pending economic appraisal (i.e. Wagga current status).
 • [REDACTED] now completed its economic appraisal and can receive a project level allocation.

I'll speak to Treasurer's Office now and pass on that INSW are expected to recommend that reservation + allocation.

Cheers, pete

Thanks Gary – will finalise and send the letter re Wagga today.

Have just come back from INSW after discussing SIS and picked up the business case for [REDACTED] while there so we can get that work started.

Thx,
 Chris

Chris: I have met with Fiona and DP today.

Both [REDACTED] and Wagga Clay Target projects are to be funded from RGETF. Both are to be treated as per [REDACTED] and separate to shortlisted projects. Can you please send a letter to Jim today (cc me) requesting that the Clay Target project be funded asap and not through the two step process. Please check the 14 Dec 16 ERC decision to ensure wording in line with this. Can you also give Jim a call re [REDACTED] and get him to request that we do a BCR for this asap as per INSW process.

Peter: You may have to give Treasurer's office a call to ensure that they map back to Jim on the [REDACTED] request given intended announcements.

Cheers Gary
