---

Hi Jim,

I am writing to seek Infrastructure NSW's review and consideration of two regional development projects the Department of Premier & Cabinet's Regional NSW Group has been requested to assess in relation to the Regional Growth – Environment & Tourism Fund and to provide an update on two other regional development projects that are currently being assessed by the Investment Appraisal team for potential funding through Restart NSW programs.

Please find letter and supporting documentation attached and if you have questions about any of these projects please do not hesitate to contact me or Gary. Thanks and have a great Thursday.

Chris

**Regional Growth – Environment & Tourism Fund: consideration of ACTA and [REDACTED];  
update on [REDACTED]**

Dear Mr Betts [REDACTED]

I am writing to seek Infrastructure NSW's (INSW) review and consideration of two regional development projects the Department of Premier & Cabinet's Regional NSW Group has been requested to assess in relation to the Regional Growth – Environment & Tourism Fund; and, provide an update on two other regional development projects that are currently being assessed for potential funding through Restart NSW programs.

Regional Growth – Environment & Tourism Fund (RGETF) – allocation and reservation requests

- **Australian Clay Target Association (ACTA):** The Department's Investment Appraisal Unit (IAU) has assessed the updated business case provided by ACTA for the development of a large clubhouse / conference facility and associated infrastructure at their existing site in Wagga Wagga following a request by the Premier. The project is requesting \$5.5M from the NSW Government. The project achieves a benefit cost ratio of 1.10 and project benefits to NSW of \$535,000, at a 38% displacement assumption over the 25 year assessment period.

*Can INSW review the attached ACTA CBA Addendum Final (attached)) and, if INSW believes the project meets the criteria for the RGETF, recommend the project to the Treasurer for a funding allocation of \$5.5M from the RGETF.*
