Dear Minister

I write to support the Riverina Conservatorium of Music in its plan to establish performance space as well as build a new Conservatorium servicing the Riverina from Wagga Wagga.

Currently the Conservatorium has space provided by Charles Sturt University which it has well and truly outgrown.

There is an opportunity to obtain ownership of the CSU Playhouse accommodation surplus to its needs and locate the performances of the Conservatorium in it.

The attached correspondence explains the proposal which will require some funding from Government. The result of the Conservatorium obtaining enhanced performance spaces will allow greater interaction with the community, greater ability to raise funds from Concerts and provide entertainment.

Further the Playhouse is located on land identified as the cultural precinct of the City with room for further development.

Attached is our proposal for further investment which will allow the Conservatorium of Music to relocate from its dilapidated facilities to a new Conservatorium constructed with Government funding next to the Playhouse in the Cultural Precinct of the City.

Minister this plan is supported by our regional community as you will read in the submission.

I fully support this proposal and seek funding to realise the cultural enhancement goal.

Yours sincerely
