Hi Daryl,

I have attached the information that I have received for China trip, still need a couple more and could you please tell me what your interests are?? I don't have your passport details in as they are with the visa people and do not have a copy or it written down.

I have called James Baker again today and left another message. Stephen was going to get back to me to confirm if he was going on the trip, he has not.

James Maguire has not returned the visa application.

Anyhow I have put what details I have together and can send them on to Lydia when ever you want me too.

I have also attached the Directory just so you can have a look. The Cabinet will be getting them on Monday, Have it in hand with Natasha. I will change the PO's, Peter Phelps and Rick Colless. Oh there will not be blank pages just need to be there for printing purposes.

Hope its nice and warm there - its bloody cold here...

Cheers Becky

Hi Daryl,

Attached is what I had sent to Lydia re delegates details the only company I did not have was your sons - is he with Ray White?? Not sure what else she needs. I have the flight details for Shaun Duffy and Richard Allsopp but with Richard I only have his depart date, but can call him if required.

I will email the program to all travellers once you say its ok to send and I will resend the attached with any updates you wish to give to me.

James Baker has still not got back to me if you have his email I could email him the details.

Becky
