**Subject:** Hasty ERC submission: Wagga Wagga Clay Target Shooting

**Importance:** High

Good morning all

Attached is an ERC submission for hasty progression re. a business case for upgrading the Clay Target Association (ACTA) clubhouse and conference facility in Wagga Wagga.

In the email trail below you'll see that it has been agreed for consideration on 14 December as per direct request from the Minister for Sport to the Treasurer. Also note that there has not been any external consultation which would need to be part of the eCabinet consultation process.

**Andrew** – Could you please have a look at this and provide your input in preparation for Secretary approval. In the meantime we'll fix up the formatting issues and seek Chief Executive endorsement.

**Denise and Sharon** – please lodge the submission proposal in eCabinet, set up the record, proof read and fix the formatting.

**Jeff** – please check for media implications.

**Caroline** – could you please check if Matt is ok to progress. I suspect he is already across this from conversations with MO and Paul.

Please do not hesitate to contact either of us.

Cheers

Nic

**Subject:** RE: Wagg Wagga Clay Target Shooting

Nic

The attached version has been approved by the Minister's Office for lodging. As you can see, the Treasurer has approved this to go to ERC on 14 December.

Attached is the submission and a document that needs to be attached when lodged.

Given the timeframe requested by the Minister, this has not been reviewed by Treasury, DPC or other agencies. As noted in the submission, the draft lodgement stage will be the forum for agency consultation. Paul and I appreciate that this is not standard procedure.

This has not been submitted to Blair for release.

Please let me know if you need more information to get this lodged.

Regards

Michael
