Subject: Meeting with the GSC

Good morning

The Greater Sydney Commission is looking forward to the opportunity of meeting with your team on Friday, 11 November. We reiterate that our protocols require this meeting to be a probity controlled discussion. We also inform you that given the recent commitment by the Australian and NSW government to pursue a 'Western Sydney City Deal' that representatives from other government agencies will be in the room as observers. These agencies will include Prime Minister and Cabinet, Premier and Cabinet, Transport for NSW, Department of Planning and Environment as well as the Greater Sydney Commission.

The purpose of the meeting still remains the same, that is to give you an opportunity to present your ideas regarding land that you control and to hear first hand the publicly available information from the Greater Sydney Commission in terms of the narrative for this area.

Regards

Geoff Roberts
Deputy Chief Commissioner and Economic Commissioner
