Hi Daryl

I spoke with the Treasurer's Office about this one today. Tried to call both yourself and Tony now, but couldn't get either of you.

The funding commitment has been made by Government, that much is done. There are a few intricacies involved in whether it is Environment & Tourism Fund or other funding – being ironed out by Treasury and INSW.

But the funding has been committed by ERC and I have raised with Treasurer's Office today that the expenditure is happening on the ground and we need to deliver, so they are now active on it.

Please let me know whether you prefer me to contact Tony or would like to yourself?

Cheers, peter

Thanks Daryl

I have asked Peter Minucos to follow this up.

Thanks

Fiona

Hi Daryl,

I hope all is well and you get to enjoy the Easter break.

Attached are the floor plans for the function centre/Clubhouse. The Architectural and engineering plans are to be delivered early next week.

The overall size of the building is over 2000 square meters and will meet the requirements in terms of capacity.

The other drawings are preliminary however we should have all of these and a Quantity survey price the building in the next two weeks.

We are still waiting for the Flood plan, this should be available by the end of this week. Once this is provided the DA will go to Council.

We will send expressions of interest out this week to narrow the prospective builders down to 3-5 prior to providing the plans and specifications.

Do you have any information on the Business case study that was provided by GHD in relation to the grant.

We are now close to having to pay some large expenses and the Board are anxious to sign off to access the grant.  
Regards
