Hi Daryl,

I have been advised late last week by GHD the Dept of Industry has accepted a quote from them to prepare another Business case study taking into account the Tourism aspect of the ACTA proposal for the function centre.

Given the amount of time it took for the original (three months) I am concerned at where we stand, the ACTA has now invested heavily in planning the building, we hope to have the DA in by the end of the week.

I would will need to reassure the National Executive at our meeting on the 28th March that we still have the grant to proceed or I fear they may halt further progress.

Sorry to be a pain, I am concerned any possible delay will not allow us to finish the project in time for the original purpose, that of the World Championships.

Is there any further information available on bidding for the Invictus games?

Regards

Tony Turner
