

Have you ever received any money from G8way International?---No, I haven't.

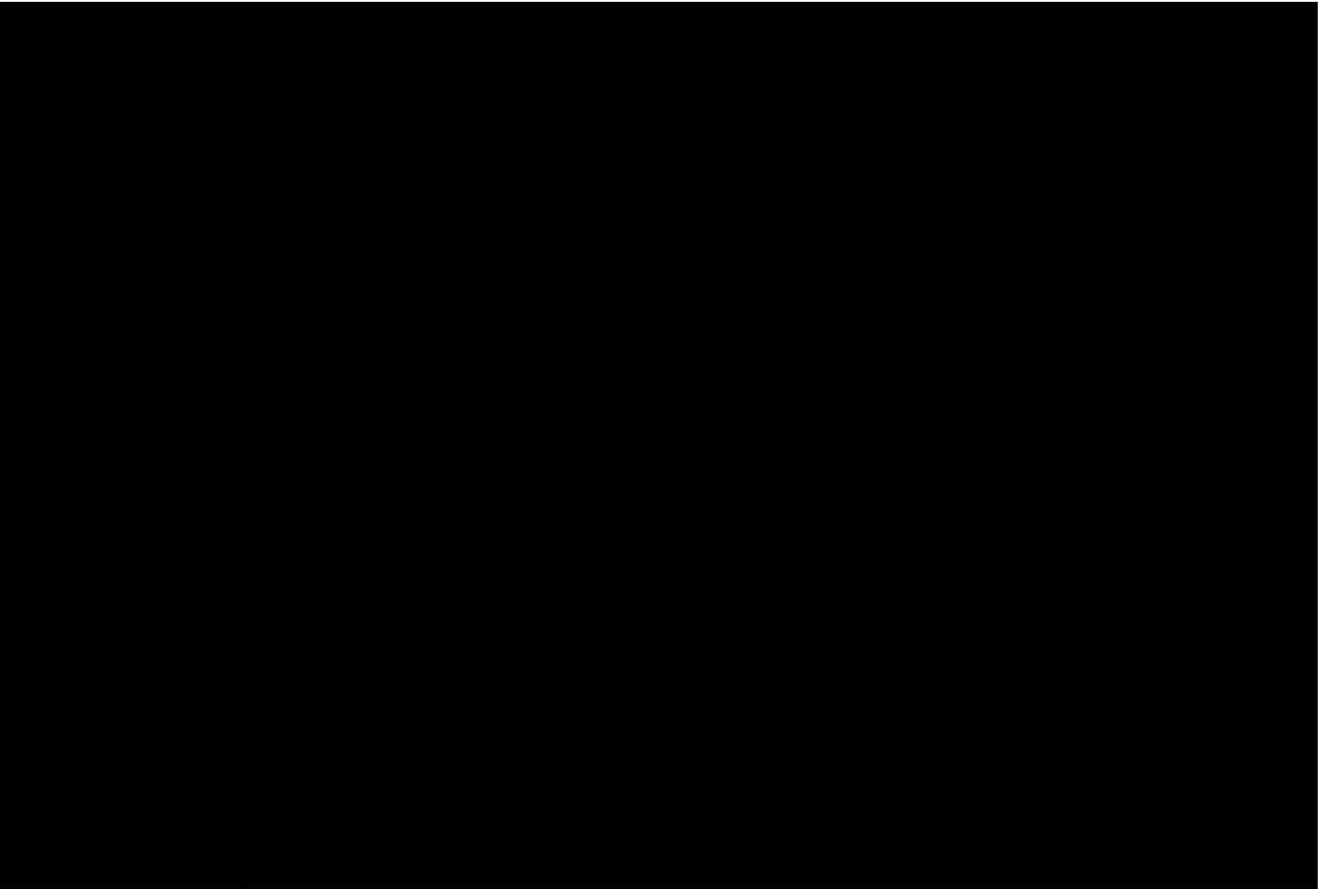

You're absolutely sure about that?---I'm absolutely sure of that.

10 What about from Mr Maguire?---No, I haven't received money from Mr Maguire either.

And what about from Mr Elliott?---No, I haven't received money from Mr Elliott. When I would, I would organise visas, I would pay for them on my credit card if you want, and then I would be reimbursed the visas. But otherwise, no, if I made any profit from G8way, no.

20 How would you arrange reimbursement for the visas? Was there a paper trail?---I would just have the receipts and then when Daryl would come up to Sydney Phil would give him the money and reimburse me in cash that way, so I didn't, I didn't have any, there were no bank transfers or anything like that.

How much did a visa cost at the time?---Maybe about, I'm looking a few years back here, maybe \$150 per visa. It would depend on what type of visa, if you were getting a one-entry visa or a multiple-entry 12-month visa, it would depend.

MS ELLIS: Sorry, Ms Hatton, I've got to read the email onto the record first.---Sorry.

10 This is an email from Mr Maguire to yourself, to Julian McLaren, to Maggie Sining Wang, dated 28 June, 2014, and the subject line of that email is, "Good morning. Please provide me your bank details. G8way has a distribution of funds to deposit." And your response to that email is that you don't recall him providing you any money?---(No Audible Reply)

Ms Hatton, please don't look ahead.---Oh, sorry.

That's all right. We're just going to concentrate on the email in front of you.

20 THE COMMISSIONER: Yes or no? It wasn't no recollection this morning, it was definitely not or absolutely not.---I, yeah, I definitely, I don't recall. I could certainly go through my bank details.

No, no, no, no. You denied it, you denied it this morning.---Based - - -

Are you saying it may have happened but you don't recall it?---No, I'm saying I don't recall ever receiving any funds from G8way.

So when you said this morning, "Absolutely not," I think that was the expression, "Absolutely not?"

30 MS ELLIS: That's my recollection, Commissioner.

THE WITNESS: Yeah.

THE COMMISSIONER: We should, we should read that as, I absolutely have no recollection, rather than - - -?---Well, I apologise if - - -

You don't have to apologise.---I don't, I don't, I never recalled receiving any funds from G8way.

40 Does that mean that it's possible that you did?---It may have been possible. I would need to check that but I don't recall, I didn't think I ever received any funds from G8way.

Yes.

MS ELLIS: Page 78, please, Ms Hatton. You can see there that you've provided your bank details to Mr Maguire.---Yep.

Is that correct?---Yep.

**Sensitive**

And this is an email dated 30 June, 2014 and your reply is at 9.28am and the subject line is the same as the previous email.---Yep.

THE COMMISSIONER: Can we take it whether or not you actually received money that you were providing your bank details for the purpose of getting money from G8 or G8way International?---That must have been the case.

- 10 MS ELLIS: And what did the distribution relate to?---I don't recall even the distribution so I certainly couldn't recall what it related to.
