I have just meet with Lydia and she wants the signing in the Gov Party room as speakers too small and wants a big banner up which I have contacted Katie young to help with getting it made in time. Lydia said she is paying for that one. Lydia also wants to have drinks - tea, coffee, soft drinks, wine, beer and champagne and a fruit platter to be served in the Gov party Room after the signing as you can not get into the President's dining room till 12pm. I think that's a good idea but that will add to the costs and I believe that Wagga Wagga City Council is paying for the food side so do not want to start to order food and staff without the ok from you. I will have to do that ASAP.

What did you want me to speak about to Nihal Gupta it's noted on your diary entry. Also was I to speak to William about the banner (if so already done) or was there something else I had to speak to him about?

Im on my mobile just going to get some food Im not far.
