Matt

John is in Melbourne today (last of his commitments to the CASRO research group), but we will get cracking on this request straight after John's interview on Monday. When is the next Ministers meeting?

Paul/ John

Can we prepare for the next Minister's meeting a brief which proposes project options as below so the Minister can sign off and arrangements put in place for agreements before 30 June

The brief should set out what the funding need is and indicate that the co-investment is available
