Gday Gordon ,

there has been a slight change of plans , the 2 customers cannot attend now as they have to stay in Australia , their DA gets approved on 31st , so here is what I am doing

I have booked to arrive Guangzhou from Hong Kong 28 th July KA 786 9.20 pm.I will stay at Grand Hyatt departing |Guangzhou 2nd August 9.55 am . Can your office please book 1 room for me ?

I must attend a dinner on the evening of 30th with Premier Ofarrell and a business breakfast the next morning of 31 st at the Grand Hyatt.

All other time I can devote to visiting your Factories and wholesale outlets to gather the information required for the developer . If you can put a program together this would be great

At this point they want to obtain for units of varying size Tiles , complete Kitchens , bathroom fittings ,light fittings , carpet , door hardware , bannister rails even windows if the price is right.

They also want furniture to dress up some units for sale which will be sourced from China .

they will come back to Guanzhou at a later date I will probably come with them to do the introductions.

I am confident you will get a client of substance as they are building 900 units between them so we are looking at a lot of product.

if you can book my room I will call you when arrive

Kind Regards Daryl

Gordon at this point we will be travelling to China between 28 July and 6 th August.

Will you be in China around that time? as I would like your company to manage the transactions. If so we will
begin to plan our visit. Can you recommend a hotel accommodation that's convenient and has English
speaking staff ,

I understand they require a lot of product so it may take up to 4 days in Guanzhou and Fushan . We will also
want to go to Shenyang , we will arrange that when we know if you will be available . We may go to Yiwu for a
look on the way home ! All these arrangements we will make as I have friends in these places .

Kind Regards Daryl
