HELEN MCCAFFREY

I am happy to support Mayor Councillor Helen McCaffrey for pre-selection at the City of Canada Bay Council's upcoming local election.

Helen McCaffrey was elected to Concord Municipal Council in 1990, at a by-election where she ran for the Concord Reform Group and was re-elected at the general election in September 1991 until the end of the term in September 2005.

She ran again for the merged Councils of Concord and neighbouring Drummoyne, as the City of Canada Bay Council in March 2004, and has been re-elected in 2008 and 2012 with increased majorities.

Helen has been elected Deputy Mayor of Concord Council.

Helen is a popular Concord local resident who is involved in a number local organisations, such as the Rotary Club of Concord, serving twice as President. She has also been an elected member of the Concord Golf Club Committee, Concord Meals on Wheels and was the Chair of the Rhodes Community Reference Group, which is a community/council based organisation assessing the social and planning needs of the new growing Rhodes suburb.

Helen has always held strong community ties and is well known in the local community. Her contribution as a councillor and now Mayor has been outstanding and she is highly regarded by all councillors in the City of Canada Bay Council.

The City of Canada Bay Council has functioning very efficiently and effectively since Helen became Mayor in August 2016 and the community is seeing effective change by her style of governing for the people.

Yours sincerely

John Sidoti MP
