Dear Sir/Madam,

RE: SIDOTI - NSW INDEPENDENT COMMISSION AGAINST CORRUPTION

We refer to the above matter and the 'Notice to Attend and Produce Documents' dated 23 April 2021 addressed to Mr John Sidoti.

Summons to Produce – Schedule Part 1:

All records of any representations and/or communications from members of the community and/or constituents concerning the Five Dock Town Centre Study and/or associated planning proposals received by you as the member for Drummoyne or by your staff between 1 October 2013 and 21 February 2017:

There are no documents to produce in answer to this part of the summons.

The Liberal Party, subscribes to an electronic database called "FEEDBACK". The features of this database are as follows: -

- The system is contained in each electoral office.
- It is not a Parliament run system; it's a system the Liberal Party subscribes to.
- It is essentially a database of constituents who have received written material from the electoral office.
- It contains names and addresses of constituents who have corresponded in writing with the office.
- It is not searchable by issue, only by name.
- In some circumstances, staff have 'tagged' a name with a keyword, and that keyword can be searched. This is not always the case.
- There is no set protocol by staff to attach/tag keywords.
- The purpose of this system is to identify potential voter intention.

Dear Mr Kazi,

OPERATION WITNEY PUBLIC INQUIRY

I refer to your letter of 30 April 2021 regarding s 22 Notice dated 23 April 2021 issued to your client Mr John Sidoti MP.

messages were then filed. This system was too difficult to keep up with when the office got busy. The loose-leaf folder system only lasted for a matter of months, until staff were trained in the use of the Feedback Database system. I do not recall exactly how many months it lasted.

5. I did not retain any of the loose-leaf folders of messages from constituents when I left my employment at Mr Sidoti's electoral office in February 2017.
6. All members of staff at the electoral office were trained in the use of the Feedback Database system. When constituents called, their messages were logged into the Feedback system.
7. I used the Feedback Database system as all the electoral office staff did. Regular reports were initiated over time as we became familiar with the Feedback system. This allowed staff to check on outstanding constituent issues.
8. Betty Di Pasqua was hired by Mr Sidoti after me and she should be able to explain the use of that system, including its search parameters.
